

AADITYA MAHESH LANJEKAR

Java Full Stack Developer

☎ +91 8767388842 | ✉ aadityalanjekar.dev@gmail.com | 🌐 Aaditya_Lanjekar | 📄 HackerRank: Aaditya |

Professional Summary

Java Full Stack Developer (Fresher) with hands-on experience in Spring Boot, React.js, REST APIs, and MySQL. Proven ability to build end-to-end web applications through real-world internships and academic projects. Seeking an entry-level Software Developer role to contribute to Agile development teams.

Technical Skills

Languages	Java (Core & Advanced), JavaScript (ES6+), C, C++, HTML5, CSS3, SQL
Frameworks & Libs	Spring Boot, Spring MVC, Hibernate (ORM), Servlets, React.js
Backend & APIs	REST API Development, JDBC, OOP Principles, Exception Handling, Collections Framework
Databases	MySQL, PostgreSQL
Tools & Concepts	Git, GitHub, VS Code, IntelliJ IDEA, SDLC, Agile Methodology, Component-Based Architecture

Internship Experience

Front-End & React Developer Intern | Seven Mentors Pvt. Ltd. Jun 2024 – Dec 2024

- Developed responsive, component-based web applications using React.js, HTML5, CSS3, and JavaScript (ES6+), improving UI consistency across multiple projects.
- Utilized React-Bootstrap for mobile-first, cross-browser-compatible UI design; optimized performance by minimizing redundant renders through reusable components.

Java Developer Intern | CODEWAY Jan 2024 – Feb 2024

- Strengthened Core Java proficiency in OOP principles — encapsulation, inheritance, polymorphism, and abstraction — through structured assignments and code reviews.
- Implemented Java Collections Framework (ArrayList, LinkedList, HashMap) for efficient in-memory data storage and retrieval.

Software Engineer Intern | HackerRank

Projects

Java Full Stack Web Application | Organic Fruit Store [🔗 View Project](#) 2026

- Built a production-ready full stack e-commerce platform using Spring Boot 3.2 (Java 17) and React.js, featuring JWT-based authentication with role-based access control (User/Admin) secured via Spring Security.
- Designed and implemented RESTful APIs across 5 controllers (Auth, Fruit, Cart, Order, Admin) using Spring Boot, Spring Data JPA/Hibernate, and MySQL.
- Implemented complete shopping cart and order management workflows including add/update/remove/clear cart, place order, order history, and an admin panel for fruit inventory and order status management; configured CORS for React frontend integration.

React.js E-Commerce Web Application | Cloth Store 2025

- Built a fully responsive e-commerce product listing application using React.js with component-based architecture and reusable UI components.
- Integrated REST API calls via Axios for dynamic product data rendering, implementing loading states and error handling for smooth UX.
- Implemented Slick Slider for interactive product carousels, improving user engagement and browsing experience.

Education

Suryadatta College of Management Information Research & Technology, Pune | Aug 2024 – July 2026
M.Sc. Computer Applications | **CGPA: 8.32/10 Grade A+**

Nowrosjee Wadia College, Pune | Sep 2021 – Jun 2024
B.Sc. Computer Science | **CGPA: 6.98/10 Grade - A**

Certifications

- Java Backend Development — Seven Mentors Pvt. Ltd. Jul 2023 – Mar 2024
- Front-End Web Development — Seven Mentors Pvt. Ltd. Jun 2024 – Dec 2024
